

# The 35<sup>th</sup> Year Anniversary

AT Snacks-- September 8, 2024

Andy Taylor/Trinity Fellowship- Sayre, Oklahoma

*To find out about the people that Andy honored individually, please go to the Facebook website to listen to the entire message. Below is what he said to the entire family, and snippets from the short message that followed. Please ENJOY!*

## **Monday:**

I want to honor the people, the family of Trinity Fellowship. You're the most unique bunch of people that I've ever seen. **THANK YOU!** You have made this journey for me so good. I can't even describe it. Thank you for your faithfulness and your commitment, which has put us in the best place in 35 years. We are not losing steam, we are gaining ground every day, because of the faithfulness and commitment of you. We say it like this around here, "*The sky is the limit*". We are about to see things we've never seen before. We have plenty of challenges around here. The stakes are really high. The enemy hates what's happening here. He's got his attacks and all his oppression and all that stuff leveled our way. But, like Paul said, "*The devil walks about like a roaring lion, seeking whom he may devour*". So, he can't do that around here. Thank you again, all of you, for your commitment here.

**Finally, I want to honor the Father. He's been right there with me and been right there with us. He was always there, always faithful.**

## **Tuesday:**

God has encouraged me, more often than not, to get back up. It's all worth it. He's protected us every step of the way. He's protected what's happening here, because we've made the things important here that are important to God.

We come to the Lord today empty handed. Anything good that's happened around here can't be contributed, really, to anybody. We do, however, have to play along- cooperate and participate. But if anything significant, eternal or important happened here, it was only God.

## **Wednesday:**

You can learn a lot of stuff about God by reading the Bible, but you can only know Him by giving Him access to your life, and that's what we do around here. The one thing that has the potential to set every other thing in your life in perfect order, is to **learn to relate to God as Father.**

God is really talking, so listen and pay attention to what He is saying. There's something happening in the earth right now, but the negative stuff can over shadow that if you let it.

## **Thursday:**

God has been saying to us, “*Watch for Me to start to do things in unorthodox ways*”. The Demar Hamlin story, the thing in Asbury, Kentucky, with the college, and hundreds of thousands of people coming to Christ in one Muslim nation are evidence of that.

We are seeing things happening right here in our midst, but you have to look at the little things. You have to look with kingdom eyes to see it.

What we’ve always done is listen to what we believe God is saying, and then God begins to confirm. He’s been really, really gracious toward our house, because He believes we will do something with it.

Friday:

The awakening is not coming- it’s already here, but it’s going to come to the degree that the church is faithful to what God is saying and doing.

According to 1 Corinthians 2:9, “*Eye has not seen, nor has ear heard*”, You haven’t seen it, but we are going to see something we’ve never seen before. We’re going to hear stuff we’ve never heard before. Your imagination has never even gone as far to imagine what God is going to do in this move.

Saturday:

Here’s how to be in the very best place you can be. Be a contributor, and not just someone sitting on the bench.

Several pointers on how to do the simple things:

- ❑ **Prioritize or re-prioritize you life.** Your whole life is only going to go as good as your spiritual life is going, so make your spiritual life important.
- ❑ **Learn to relate to God as Father.** Interact with Him, listen to Him. “*My sheep know me, and they hear my voice*”. For me, I hear Him through the still, small voice, through the Word, and through other people. God is what He is, but Father is who He is.
- ❑ **Learn to be sensitive to the Holy Spirit.** He lives in us now. He’s speaking to us, but He not loud, so it’s easy to run right by Him. He’ll help you in every situation. Just be obedient to Him.
- ❑ **Just be faithful.**
- ❑ **Just get back up.** Get back up one more time than you got knocked down. Everybody’s going to get knocked down. You’re going to have challenges. God is taking us through the fire. He’s seasoning us, so we can be in the best place we can be in. Again, so we can be a contributor, so we can cooperate and co-labor, rather than being on the bench and being a spectator.
